JL. Mahoni Blok E gg.2 No 9, Kelurahan Lagoa, Kecamatan Koja Jakarta Utara

I am a fourth semester student of Informatics Engineering study program from Jakarta State Polytechnic. I am a helpful person, always want to help others while I can do it, and I am very interested to learning new things to improve my abilities and skills. I have experience with many programming languages and frameworks such as React JS, Laravel, Codeigniter, C++, Dart, Kotlin, Java. I have interest in Web development, Mobile Development and also Artificial intelligence
